

Become a Bridge Teacher !

TAP

Teacher Accreditation Program

PENTICTON TAP

June 14 - 15, 2010

PENTICTON CONVENTION CENTRE

www.d19.org/Penticton

INSTRUCTOR: Dee Berry, ACBL Teacher Trainer

Are you interested in a bridge opportunity that will

- Make you an integral part of ACBL's growth?
- Train you, at nominal cost, for a lucrative part or full time job?
- Enable you to use your pride, interest and skill in a positive and productive way?

If you answered yes to the questions above then consider becoming an ACBL Accredited Teacher.

The 10-hour course will train you in the hands-on style of teaching beginners' bridge in a manner that is fun and easy for bridge students. The Club Series Student Text will be sent to you along with instructions on downloading the Teachers' Manual. This material, written by Audrey Grant, has been used by many ACBL Accredited Teachers all over North America. Their reactions to the ACBL/Audrey Grant course material are overwhelmingly positive. A typical response comes from Janice Randles of Issaquah, WA:

"The TAP materials are outstanding. They simplify teaching so much. The Club Series is the most comprehensive, professionally presented material I have found. It is a joy to teach and the students adore it!"

In addition, the course will offer valuable marketing advice for bridge lessons and give you an opportunity to exchange ideas with other bridge teachers. As an ACBL Accredited Teacher, you will receive the following benefits:

ACBL Accredited Teachers receive discounted prices on all ACBL beginning course materials - Club, Diamond, Heart and Spade series.

A quarterly newsletter, "The Bridge teacher", keeps accredited teachers informed of Education Department programs, gives helpful teaching and marketing tips and provides an outlet for the exchange of ideas among the teachers.
